

## Dragged-Down Feeling

In the loins.  
Nervousness, unrefreshing sleep, despondency.  
It is time you were doing something.

The kidneys were anciently called the reins—in your case they are holding the reins and driving you into serious trouble.

### Hood's Sarsaparilla

Acts with the most direct, beneficial effect on the kidneys. It contains the best and safest substances for correcting and toning these organs.

Dr. J. H. Stamper, the dentist, returned last Saturday from a business trip on Grassy Creek and will next week leave for Dan, in Menefee county, to be gone several weeks.

Call at this office and get a sample copy of the Cincinnati Enquirer and Great American Farmer, both of which are clubbed with THE HERALD, as is, also, the Courier-Journal.

Miss Pauline May, of Elk Fork, Magoffin county, has been the guest of her uncle, Arburry Kash, for the past two weeks, and was a pleasant visitor at the home of Miss Nevada Nickell on Monday.

There was not much wheat raised in this section this season, and the little that was grown is likely to be spoiled by the continued wet weather. Doc Kash thinks he will lose his entire crop, which is now sprouting in the shock.

A Mr. Forhmiller, of Cincinnati, representing the C. H. Burton Veneering Company, was here last week purchasing walnut stumps to be used in their business. He will return in two weeks to take up his purchases. George Dyer is the company's local agent here.

### Notice to School Trustees.

OFFICE COUNTY SUPERINTENDENT,  
WOLFE COUNTY, KY.,  
June 27, 1904.

To Trustees of Common Schools:

GENTLEMEN—The Teachers' Institute for this county, for the current school year, will be held at Campton, beginning on the 18th day of July and continuing five days. Please to notify promptly, as law requires, every teacher in your district holding certificate. They must attend the full time or forfeit same. J. W. TAUBER, County Superintendent.

Miss Frances Nickell on Saturday evening entertained a crowd of young people to the number of 28. They gathered at 7:30 and had an enjoyable time until 10:00, when they left for their homes well pleased with the occurrences of the evening.

R. P. Kash, of McCausey, who has been afflicted for the last four months with rheumatism, and a portion of the time with fever also, started to Martinsville, Indiana, Monday, for his health. His mother, Mrs. Cravens, accompanied him.—Frenchburg News, July 7.

### A Timely Word.

The weaker the system, the more enervating the heat and the greater the danger of prostration.

This is a truism—a proposition needing no argument.

A word in favor of the systematic effects of Hood's Sarsaparilla is timely—it is a fact that this peculiar medicine strengthens and tones all the organs and functions and builds up the whole system.

We believe you will do well to take Hood's during the heated period.

T. P. Downey, superintendent telegraph department Kentucky and Tennessee division of the Cumberland Pipe Line Co., and W. H. Flann, of Pittsburg, who is purchasing poles for the telegraph line along pipe line via our town, have been making their headquarters at this place for a week or so, and are still here.

Grant Lacy, who has been farming near Ashmore, Ill., for three years past, recently sold his half interest to his brother, Ellsworth Lacy, and returned to Kentucky, arriving here Monday week. He is at present clerking for his uncle, W. T. Caskey, who is absent at the World's Fair.

Died, on Thursday night last, at the residence of her husband, Harrison Wilson, on Red River, Mrs. Laura Wilson, aged about 40 years. Her maiden name was Gibbs, a daughter of Hollis Gibbs. The burial was on Saturday morning, the remains being laid to rest at the old Shelby Wilson graveyard.

Bent Little, who has been in the United States army for three years past, came home last week, and looks much better than when he enlisted. THE HERALD has had no chance to interview him or learn of the service he had. The young man raised by Ves Norman, who enlisted with Bent, also returned.

Our people were on Monday reminded of war times, when four young men passed through town, one of whom carried a young cannon and belt of cartridges in plain view. He thus evades the "concealed weapon" law, but establishes an immortal precedent. They were from Magoffin county.

Uncle John Adams, of Maytown, has been quite ill for about ten days. Indeed, he was so low that his son, John A. Adams, of Lexington, was summoned to his bedside. But he was very much better on Monday, and John says he will visit friends here before he returns home.

The Campton and Hazel Green base ball teams will give the people an exhibition of their prowess on Saturday afternoon next, and a large crowd is anticipated. In the game at Campton recently the nine at that place defeated our boys, which will in the coming game spur the latter on to their best efforts.

Squire John D. Rose was in town Monday shaking hands with his friends, all of whom he took pains to remind that he would be in the race for County Judge. His reason for not having announced is that he does not wish to push himself to the detriment of the Democratic party. Some of his friends insist that he shall run, but if it is made clear to him that the party can win with some other man, he will not jeopardize success by sticking on.

### Summer Cookery and Entertainment.

For the mother who is puzzled to provide novel and attractive forms of holiday and birthday entertainments for the little ones an article on Children's Parties, in The Delinicator for August, will be of value. In the same number are excellent cookery suggestions in the form of An "Inland" Seaside Dinner and many recipes of dainty and appetizing dishes for hot days. Recommendations for hot-weather house-keeping will also prove useful.

### Two Sentenced to Penitentiary.

In the Morgan Circuit Court, at West Liberty, on Saturday morning last, Willie Havens was sentenced to the penitentiary for 21 years for the killing of Cassell, in December last, about the 23d. The killing occurred at the residence of Elvin Haney, in Morgan county, where a party was in progress, and beside the one convicted three others were indicted for the crime, viz., Monroe Havens, Wm. Milton Havens, and Jesse Gibbs, who will be tried at the present term of court. Monroe Havens was arraigned on Monday, the 11th inst., but at this writing the result is not known.

LATER—Monroe Havens was sentenced to the penitentiary for fifteen years, the jury bringing in their verdict on Thursday morning at 9 o'clock. They should have reported at 8, but contention as to the punishment delayed the verdict, and this led to the belief that he would get a heavier sentence than Will Havens.
